HOW FND SERVICE WORKS

1. CHECK IN UNDER OUR ACCOUNT

When you arrive at the shop, check in under our unique account and submit a service request through our form.

2. SUBMIT THE SERVICE REQUEST

The request form includes basic details such as unit number, VIN, shop location, and the service needed.

3. FND SERVICE CONTACTS THE SHOP

Our team contacts the shop, provides the account information and requests the estimate.

4. REVIEW AND APPROVE THE ESTIMATE

Once we receive the estimate, we forward it to you for review. FND Service does not approve any work until you give us the green light.

5. FND SERVICE PAYS UPFRONT

After your approval, and once the repair is completed, FND Service issues payment directly to the shop.

6. RECEIVE YOUR WEEKLY INVOICE

Every Monday, FND Service sends one invoice showing all repairs from the previous week and the total amount due. Payment is then charged on Tuesday.

National account tire pricing can be used at locations that have the requested brand, such as Yokohama, Bridgestone, Hankook, or Goodyear, and accept national account payment. Tire price will show as \$0.00 on the estimate. After the repair is completed and payment is made, we will receive the final invoice from the tire brand within a few days.

SIMPLE 3-STEP PART PROCESS

1. SEND US THE PARTS REQUEST

Provide the part number, VIN, dealership location, and quantity needed.

2. RECEIVE A DISCOUNTED QUOTE

FND contacts the dealership and sends you a quote with our discounted pricing.

3. APPROVE AND COMPLETE THE ORDER

Once you approve the quote, FND completes the payment. The part can then be picked up or shipped to the location where it is needed.

SMART CHOICES, TRANSPARENT RESULTS!

Affordable pricing you can always trust! From coast to coast - we've got every invoice covered!
